

# Liberty Formulary Prior Authorization DRUG LIST

Effective January 1, 2026

# LIBERTY FORMULARY PRIOR AUTHORIZATION DRUG LIST

Capital Rx reviews robust clinical criteria before determining whether the medication will be approved for you to make sure you are receiving optimized, safe, and effective care.

Below is a list of medications that require prior authorizations. These medications require approval from your pharmacy benefit carrier before you receive care. If you do not get a prior authorization, a medication may cost you more, or it may not be covered.

**Please note:** This list is not inclusive of all drugs that require a prior authorization and is subject to change. Some drugs listed below may not be covered by your plan. If you have questions or would like additional information, please contact customer service at the toll-free member phone number on your ID card.

- Brand name products are CAPITALIZED.
- Generic products are lowercase.

## AT A GLANCE
